I lead UX for complex enterprise products, and I still design and ship.

Senior UX Manager and Head of Design. Most recently I co-led 35+ designers, researchers, and writers at Appfire across BigPicture, 7pace, and AI workstreams (design ops, research ops). Independently I shipped CostRadar.ai: true-net P&L and an AI Profit Agent that only acts after Approve.

Open to Head of Design, Senior UX Manager, Staff Product Designer, Design Ops, Design Systems, and AI UX.

Experience

Founder & AI Design Engineer · 2025 – Present

CostRadar.ai

Independent founder. Live profitability product for multi-channel e-commerce (costradar.ai). Designed and built solo: true-net ledger, savings tracker, and an AI Profit Agent that only changes things after Approve.

Senior UX Manager · 2023 – 2026

Appfire

Co-led 35+ designers, researchers, and writers across BigPicture, 7pace, and AI workstreams. Design ops, Figma standards, research ops, and AI rollout. BigPicture team outcomes: +47% OKR adoption, financial-module adoption 53% to 84% in 3 months, 58% fewer unclear reports.

Head of Design · 2019 – 2023

SoftwarePlant (acquired by Appfire)

Grew a team of 16+ designers, researchers, and writers. Owned design-system standards for Atlassian Marketplace products and led craft integration after the Appfire acquisition.

UX & UI Designer · 2016 – 2019

SoftwarePlant (acquired by Appfire)

Lead Product Designer on BigPicture (Atlassian Marketplace best-seller). Owned discovery, prototyping, and delivery on financials, OKRs, and Gantt planning.

Product Manager, UX Designer · 2013 – 2016

TVP 3

Coordinated 16 teams on public-broadcaster web services: product strategy, UX, and stakeholder management across delivery.

UX Designer · 2011 – 2013

TVP Parlament

Co-led the launch of a new e-television channel from scratch.

Education

Warszawska Wyższa Szkoła Humanistyczna im. B. Prusa (now MODERNA) · 2008 – 2011

Bachelor's degree, Journalism and Social Communication, Warsaw, Poland
